EDUCATION

Gayatri Vidya Parishad College of Engineering (Autonomous)

Bachelor of Technology (B.Tech) in Information Technology

Visakhapatnam, India

Aug. 2022 – May 2026

Achievvers Junior College

Intermediate in Maths, Physics, and Chemistry

Visakhapatnam, India

Apr. 2020 – May 2022

WORK EXPERIENCE

Junior Developer Intern

Namoona 3D Labs

Dec 2024 – Jan 2025

Visakhapatnam, India

- Engineered 5+ front-end UI components using HTML, CSS, and JavaScript, and integrated them with back-end APIs for a nanoGPT-powered chatbot, reducing response latency by **15%**.
- Deployed interactive features using HTML, CSS, and JavaScript, increasing user engagement by **20%** through improved accessibility and responsiveness.
- Conducted API testing, bug tracking, and feature verification, decreasing post-release defects by **10%** and ensuring cross-device compatibility.

PROJECTS

Interview Prep Resource Hub | *React.js, Node.js, Express.js, MongoDB*

- Developed a full-stack platform to centralize 100+ curated interview preparation materials with advanced search, reducing resource lookup time by **40%** [[GitHub](#)]
- Delivered secure user authentication for 50+ users and implemented real-time GitHub updates for automated content refresh.
- Added filtering, category-based navigation, and keyword-based search, resulting in a **25%** rise in returning user sessions.

Technical Term Simplifier | *React.js, Node.js, Express.js, REST APIs*

- Designed a responsive web application that processes and simplifies technical PDFs/blogs using real-time text analysis, increasing readability scores by **35%** and supporting mobile and desktop downloads. [[GitHub](#)]
- Built backend services with Node.js and Express.js; merged two external APIs to process documents and generate simplified text in under **3s** for medium-sized files.

ACHIEVEMENTS

- Achieved a max rating of **1700** on LeetCode, **1656** (3-Star) on GeeksforGeeks, **3-Star** on CodeChef, and **Pupil** on Codeforces.
- Ranked in the top **13%** of 3M+ global LeetCodeers, showcasing strong algorithmic skills and competitive programming proficiency.
- Secured Global Rank **1171** in LeetCode Weekly Contest 435 and AIR **621** in GfG Weekly Contest 189.
- Solved **900+** DSA problems across platforms, strengthening algorithms, data structures, and coding proficiency.
- Contributed **40+** pull requests to open-source projects; mentored newcomers during GSSoC and Hacktoberfest.

TECHNICAL SKILLS

Languages: C, C++, JavaScript, HTML, CSS

Frameworks & Libraries: Node.js, Express.js

Databases: MySQL

Developer Tools: REST API Integration, GitHub, VS Code, Postman, CodeLite, Sublime Text, MySQL

Quality Assurance & Testing: Manual Testing, Unit Testing, Debugging, Test Case Development

Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks
